CURRICULUM VITAE

Timothy De Ver Dye PhD

Professor, Obstetrics and Gynecology, Pediatrics,
Public Health Sciences, and Medical Informatics

Associate Chair for Research, Obstetrics and Gynecology
Director, Biomedical Informatics, Clinical and Translational Science Institute
PI, CDC Global and Territorial Health Research Network Coordinating Center

Co-Director, Translational Biomedical Science Doctoral Program
University of Rochester School of Medicine and Dentistry

Editor-in-Chief, Maternal and Child Health Journal

EDUCATION

Master of Arts (MA) – 2013

Documentary Film and History
Newhouse School of Journalism and Public Communications of Syracuse University
Film: *Documentando Resistencia: Survivors of the Trujillo Era Speak*

Doctor of Philosophy in Anthropology (Ph.D.) – 1993

Department of Anthropology
State University of New York at Buffalo, Buffalo, New York USA
Dissertation: *The Social Epidemiology of Maternal and Child Health Services in Appalachia*

Master of Science in Epidemiology (M.S.) – 1990

Department of Social and Preventive Medicine
State University of New York at Buffalo, Buffalo, New York USA
Thesis: *Medical Outcomes in Cultural Context: The Social Epidemiology of Childhood Diarrhea in a Kashmiri Village*

Master of Arts in International Relations (M.A.) – 1987

International Relations Program
Maxwell School of Citizenship and Public Affairs, Syracuse University, Syracuse, New York USA
Thesis: *Comparative Food Security in India and Mali*

Master of Public Administration (M.P.A.) – 1987

Department of Public Administration, Concentration in International Development Administration
Maxwell School of Citizenship and Public Affairs, Syracuse University, Syracuse, New York USA

Bachelor of Arts (B.A.) – 1985

International Relations Program
College of Arts and Sciences, Syracuse University, Syracuse, New York USA

ACADEMIC FELLOWSHIPS AND AWARDS

South Asian Studies Fellow – 1985 - 1987

US Department of Education, National Resource Fellow, Foreign Languages and Area Studies (Hindi and South Asian Studies),
Maxwell School of Citizenship and Public Affairs, Syracuse University

American Public Health Association, 2001 Recipient of the Young Professional Award, awarded by the MCH Section

Royal Geographic Society (UK), Elected Fellow, 2004, Chartered Geographer (2006)

National Science Foundation, Antarctic Service Medal of the United States of America, 2006

Medical Education Cooperation in Cuba (MEDICC) Scholar, Fall 2009, Spring 2015

UNESCO (Paris, France) – Stagiaire, Memory of the World Programme, Communication and Information Division - 2010

Fulbright Specialist Award – 2012 (to Institut Pasteur, Paris, France for global health curriculum collaboration)

J. William Fulbright Foreign Scholarship Board, U.S. Department of State, Bureau of Educational and Cultural Affairs

Fellow (elected), American College of Epidemiology

Fulbright Specialist Award – January 2016 (to United Nations University's Institute for Computing and Society, Macau)

Timothy De Ver Dye, PhD

EMPLOYMENT

School of Medicine and Dentistry, University of Rochester — 2014-present

Rochester, New York

Professor (tenured), Obstetrics and Gynecology, Pediatrics, Public Health Sciences, and Medical Informatics
Associate Chair (Research), Department of Obstetrics and Gynecology
Director, Biomedical Informatics, Clinical and Translational Science Institute
Principal Investigator, CDC Global and Territorial Health Research Network Coordinating Center
Principal Investigator, NIH National Research Service Award (NRSA) Training Core
Co-Director, Translational Biomedical Science (TBS) Doctoral Program

John A. Burns School of Medicine, University of Hawai'i — 2011-2013

Honolulu, Hawai'i

Professor (tenured) and *Vice Chair* (Research), Department of Obstetrics, Gynecology, and Women's Health
Senior Advisor and Former Director, Hawai'i Biospecimen Repository,
Director, Biomedical Informatics Core, Research Centers in Minority Institutions; *Co-Director*, Bioinformatics Core (INBRE III: Hawaii Statewide Research & Education Partnership); *Director*, Bioinformatics Core (Bioscience Research Infrastructure Development for Grant Enhancement and Success (BRIDGES))

Syracuse University — 2011

Syracuse, New York

Professor (tenured), Department of Public Health, Food Studies, and Nutrition;
Associate Dean for Research, *Director*, Human Ecology Research Center, College of Human Ecology
Kauffman Professor of Entrepreneurship and Innovation (2011)

State University of New York, Upstate Medical University — 2008-2010

Syracuse, New York USA

Professor (tenured), Department of Public Health/Preventive Medicine, Microbiology/Immunology, and Medicine;
Director, Center for Research and Evaluation (Biostatistics and Epidemiology Core)

Axios International — 2006-2009

Paris, France

Director, Department of Research and Evaluation (2006 – 2007)
Vice President, Global Health Systems and Research Division (2007 – 2009)

University of Rochester School of Medicine and Dentistry — 1997-2006

Rochester, New York USA

Associate Professor of Community and Preventive Medicine (1997-2006; full tenure awarded 2002)
Founding Chief, Division of Public Health (1997 – 2006)

State University of New York, Upstate Medical University — 1993-1997

Syracuse, New York USA

Director, Women's and Children's Health Care Research Center (1995-1997)
Director of Research, Department of Obstetrics and Gynecology (1995-1997)
Assistant Professor of Obstetrics and Gynecology (1995-1997)

Centers for Disease Control and Prevention — 1992-1993

Division of Reproductive Health, Atlanta, Georgia USA (assigned to Oklahoma City, Oklahoma)

Perinatal Epidemiologist (1992-1993)

West Virginia University School of Medicine — 1990-1992

Morgantown, West Virginia USA (assigned to West Virginia State Health Department)

Instructor, Department of Pediatrics (1990-1992)
Director, Division of Research and Evaluation, State Health Department (1990-1992)
Maternal and Child Health Epidemiologist, State Health Department (1990-1992)

ADDITIONAL APPOINTMENTS

Consultant, Qualitative Health Research, Humana/ Comprehensive Health Insights (2014- present)
Professor (Adjunct), Department of Obstetrics, Gynecology, and Women's Health, University of Hawai'i (2014-present)
Project Director, OneHEART World-Wide, Qinghai Maternal and Child Health Partnership (2010)
Consultant, UNICEF (Turkey), Child Mortality Study, with Hacettepe University (2009)
Professor (Adjunct), Department of Public Administration, Syracuse University (2008-2010)
Consultant, Association for Maternal Child Health Programs (2003-2004)
Consortium Leader, Developing Countries Consortium, Center for Future Health, University of Rochester
Visiting Scholar, Scott Polar Research Institute, University of Cambridge, Cambridge UK (2004)
Sr Research Fellow (Visiting), Queen's University of Belfast, Northern Ireland (1996-2001)
International Faculty, MIT Media Lab Asia, New Delhi, India

PROFESSIONAL SERVICE ACTIVITIES

Maternal Child Health Journal (Editor-in-Chief); **National Institutes of Health**, Population Sciences and Epidemiology IRG, Infectious Diseases, Reproductive Health, Asthma and Pulmonary (IRAP) Conditions Study Section; **Data Science Journal**, Editorial Board Member; **National Institutes of Health**, 2015/10 ZRG1 HDM-Z (53) R Special Emphasis Review Panel, Mobilizing Research: A Research Resource to Enhance mHealth Research U2C (Member); **National Institutes of Health**, Fogarty International Center, ZRG1 BDCN-N (55) Special Emphasis Review Panel: Brain Disorders in the Developing World Research Across the Lifespan (Member); **Appointed Member**, Committee on Data for Science and Technology (CODATA), International Council for Science (ICSU); **Delegate**, 2014 Emerging Markets Symposium, Oxford University (UK); **National Institutes of Health**, National Institute of Allergy and Infectious Diseases Special Emphasis Panel, CEIRS Influenza Data Processing and Coordinating Center, ZAI1 RWM - M(C3) (Member); **National Institutes of Health**, Fogarty International Center, Fogarty Career Development: International Research Scientist Development Special Emphasis Panel ZRG1 BDCN-M 50 (Member); **National Institutes of Health**, National Center for Public Health Informatics, Special Emphasis Panel ZHK1 ZDQ 01 S, Center of Excellence in Public Health Informatics (Panel Member/ Reviewer); **National Institutes of Health**, National Institute of Allergy and Infectious Diseases, RFA-AI-05-002 Units for HIV/AIDS Clinical Trial Networks Special Emphasis Panel ZAI1-AR-A-M1 (Member); **MEDICC** (Medical Education Cooperation with Cuba) (Board Member, MEDICC Review); **Centers for Disease Control and Prevention – CDC** (Member, Special Emphasis Panel, Breastfeeding); **National Science Foundation – NSF** (Reviewer, Digital Society and Technologies Program. ITR Collaboration, Awareness, and Health Technologies and Design Panel); **National Institutes of Health** (Member, Advisory Committee Future research on pre-eclampsia/eclampsia), **Artemisia: Rencontres entre santé, sciences humaines et solidarité internationale**, (Honorary Council, Unité de Recherche Anthropologie de la Santé Laboratoire d'écologie humaine et d'anthropologie, Université d'Aix-Marseille), **SCAR: Scientific Committee on Antarctic Research** (Representative, Expert Group on Human Biology and Medicine, International Union of Ethnology and Anthropology), **Centers for Disease Control and Prevention** (Member, Special Emphasis Panel, Immunization), **National MCH Epidemiology Awards** Committee Member; Member, **Minimum MCH Data Indicators Team**, Maternal Child Health Bureau, Washington, DC; Member, **Project CAN-DO Work Group**, Public Health Foundation, Washington, D.C.; Member, Panel of Experts, **MCH Information Resource Center**, Washington, D.C.; Representative, for the WV Bureau of Public Health, to **Childhood Injury Project**, Johns Hopkins University

LEADERSHIP EXPERIENCE

Director, Division of Research and Evaluation, WV Office of Maternal Child Health, WV (1990-92)

Created and Directed the Division of Research and Evaluation within a large state government agency; Responsible for oversight of a wide range of public health programs (Fetal and Infant Mortality Review Program; Sudden Infant Death Program; Lead Screening Program; Pregnancy Risk Assessment Monitoring System); Reported to the Director, Office of Maternal and Child Health; Supervised approximately 10 employees

- Established and staffed Division
- Obtained grants and contracts to conduct public health surveillance and community health services
- Liaised with government agencies (CDC, MCHB) around state research needs
- Established partnerships with community organizations, academic institutions, state agencies

Timothy De Ver Dye, PhD

Director, Women's and Children's Health Care Research Center, SUNY Upstate, Syracuse, NY (1994-7)

Created and Directed the WCHCRC as a standing research center within an urban medical center; Recruited and supervised Center staff; Obtained grants and contracts; Conducted global and domestic research and educational programs; Reported to Chair, OB/GYN; Supervised three faculty and approximately 10 staff

- Established and staffed Center
- Developed large-scale Perinatal Data System for Central New York (became model for NYS)
- Developed the Central New York Immunization Registry
- Obtained grants and contracts; published research results
- Provided consultation to OB/GYN and Pediatric faculty regarding research
- Conducted community-based research and evaluation of public health programs
- Established partnerships with state and local health departments, community organizations, national professional organizations, and other academic institutions

Division Chief, Division of Public Health Practice, Department of Community and Preventive Medicine, University of Rochester, NY (1997-2006)

Founding Chief of the Division; Responsive for academic, research, and funding oversight of an active research and education Division; Recruited and supervised faculty and staff; Obtained grants and contracts; Developed and oversaw educational programs; Financial management; Supervised three faculty and approximately 12 staff; Reported to Chair, Community and Preventive Medicine

- Established and staffed Division
- Developed and implemented evaluation components for Syracuse and Rochester Healthy Start Programs
- Obtained grants and contracts; published research results
- Established and obtained funding for online/mentored training program in Maternal and Child Health Analytic Methods (CDC)
- Established and obtained funding for InfoComm training program in Public Health Informatics (NIH) in Costa Rica
- Obtained funding/ conducted community-based global health work in Antarctica, Tibet, India, Costa Rica, Dominican Republic
- Created and taught core public and global health courses for MPH program
- Supervised undergraduate and graduate students, residents, and fellows on global and public health research
- Created partnerships with community organizations, state, national, and international agencies, other academic institutions, and non-profit organizations

Vice President, Global Health Systems and Research, Axios International, Paris, France (2006-2009)

Founded and directed a large, globally-distributed research division (offices in Burkina Faso, Tanzania, Uganda, Nigeria, and USA) of an international organization; Obtained funding and oversaw research projects; Directed financial management of Division; Recruited, trained, and supervised staff; Reported to CEO; Supervised approximately 15 global health professionals worldwide

- Created and staffed Division within corporate entity to conduct global health research
- Obtained funding and maintained profitability of Division
- Oversaw employees distributed throughout Africa, Asia, and Latin America
- Participated as Investigator, Co-Investigator for large global health evaluations (Global Fund, GAVI)
- Created partnerships with global organizations, national governments, private sector organizations

Director, Center for Research and Evaluation, SUNY Upstate Medical University (2008-2010)

Oversaw epidemiology and biostatistics faculty and staff for a large core of an urban medical research university; Created educational programs; Implemented resource recovery process; Managed university analytic resources; Obtained grants; Reported jointly to Chair, Public Health and Preventive Medicine, and Dean of the Graduate School; Supervised four faculty and approximately five staff

- Restructured service tracking and billing
- Improved research productivity and billable hours
- Expanded capacity of core to provide informatics and biostatistics services
- Provided international and domestic research training and courses for graduate and global/ public health students
- Created partnerships with other academic institutions, state and local government agencies, international organizations

Associate Dean for Research, Syracuse University (2011) and **Director**, Human Ecology Research Center

Served as Associate Dean for the College of Human Ecology; Provided a Research Home for the College and developed research policies; Reported to Dean of College; Supervised 2 technical staff

- Organized and implemented administrative and support services for faculty research enterprise
- Created research development system
- Restructured pilot grant program
- Created graduate training program in Global Health
- Created partnerships with international organizations to serve as mentors for graduate student groups

Timothy De Ver Dye, PhD

Director, Biomedical Informatics Core, John A. Burns School of Medicine, University of Hawaii (2011-2013) and **Vice Chair for Research**, Obstetrics, Gynecology, and Women's Health, John A. Burns School of Medicine, University of Hawaii (2011-2013) Served in leadership role within a large departmental structure (40+ MD faculty); oversaw development of research policy; chaired promotion and tenure committees; oversaw development of basic science and clinical research infrastructure for department; implemented educational programs for residents and fellows; obtained and implemented grants and contracts; managed financial and administrative aspects; Restructured and rebuilt the medical center's biomedical informatics core to service community- and translational research needs; Recruited and ensured training of personnel; Oversaw writing of grants and informatics policies; Reported jointly to Chair, OB/GYN and Dean, School of Medicine; Supervised four faculty and approximately 10 staff

- Oversaw the Hawaii Biospecimen Repository
- Reorganized Biomedical Informatics core
- Conducted disparities research
- Established OB/GYN research program
- Developed lecture series for residents and fellows

Director, Biomedical Informatics, Clinical and Translational Science Institute, University of Rochester (2014- present)

Oversaw restructuring of informatics capacity within a large, federally-funded research institute; Responsible for developing and implementing vision; Recruitment and supervision of faculty and staff; coordination of university resources around research informatics; obtain and implement grants and **Associate Chair for Research**, Obstetrics and Gynecology, University of Rochester (2014-present) Serve in a leadership role for a large (\$12+million) research division of a clinical department; Oversee financial and administrative management; Developed and implemented educational programs for residents; Mentor residents and faculty around research development; Obtain and implement grants; Report jointly to Chair, OB/GYN and the Senior Associate Dean for Clinical Research; Oversee Division of 20 faculty plus approximately 15-20 research staff

- Restructured resident research program
- Obtained funding for community-based and clinical research in global health, public health, and informatics
- Reorganized biomedical informatics core
- Developed Biomedical Data Science training program
- Created partnerships with other institutions, community organizations, international organizations

Editor-in-Chief, The Maternal and Child Health Journal, Springer (2012-present)

Oversee a large, international public health journal; instituted revision of submission and review standards; oversaw shift from 10-month/year to 12-month/year issues; manage editorial staff and process; increased impact factor and increase in submissions rapidly during tenure; developed and oversee a large international advisory board

COMMUNITY SERVICE

Chair, Medical Advisory Board (previously, Board Member), **OneHEART Worldwide**, an international NGO focused on maternal and child health care in Asia and Latin America; **Advisory Board** for the Hawaii State Health Department's Pregnancy Risk Assessment Monitoring System (PRAMS); **Reducing Perinatal and Maternal Mortality in Poor Countries: A Mother-Child Health Initiative**, Inter-Academy Medical Panel, Trieste, Italy (Member); **Member**, Hawaii Pacific Health's Research Advisory Group; **Directed and Produced a Documentary Film** for UNESCO's Memory of the World Programme (Paris) and the Museo Memorial de la Resistencia Dominicana (Santo Domingo) entitled *Documentando Resistencia*, about community resistance to the Trujillo dictatorship; **Directed a documentary film** (pro bono) for the 109th Air National Guard about their polar flight operations in Greenland; **Co-directed and screened local documentary films** on a Chinese graduate student at Syracuse University, and on the Gear Factory on the Near Westside of Syracuse; Member, Medical Issues Committee, **Vera House Domestic Violence Shelter**, Syracuse, NY; Member, Research Committee, **Alternatives for Battered Women**, Rochester, NY; Member, **Community Initiative for Women Across the Life Cycle**, Syracuse, NY; Member, **Steering Committee of the Oklahoma County Fetal and Infant Mortality Review Project**; Board Member, Central Child Care of West Virginia, Charleston, West Virginia

UNIVERSITY SERVICE

- Departmental Leadership Group, OBGYN (UR) 2014-
- Strategic Leadership Group, Clinical and Translational Science Institute (UR) 2014-
- CTSI Operations Committee (UR) 2014-
- Committee on International Travel, Health, & Safety (UR) 2015-
- Academic IT Advisory Committee (UR) 2014-
- Enterprise Clinical Steering (ECS) Committee (UR) 2014-
- Population Health Analytics Committee (UR) 2014-

Timothy De Ver Dye, PhD

- Steering Committee Member, Institute for Data Science 2015-
- Faculty Senator, University of Hawaii at Manoa, 2011-present
- Member, Committee on Research and Graduate Education, University of Hawaii at Manoa, 2011-present
- Chair, Departmental Personnel Committee (Promotions and Tenure Committee), Department of Obstetrics, Gynecology, and Women's Health, University of Hawaii John A. Burns School of Medicine, 2011- present
- Chair, Departmental Personnel Committee (Promotions and Tenure Committee), Department of Pathology, University of Hawaii John A. Burns School of Medicine, 2012
- Member, Research Ethics Panel, RMATRIX, University of Hawaii John A. Burns School of Medicine, 2011- present
- Health Action: Quality Improvement and Infant Mortality. Interdisciplinary course, University of Rochester, Spring 1998/Spring 1999.
- Faculty Mentor, Quality Improvement Project (Healthy Start) course. (University of Rochester) Spring 1998.
- Member, Crouse Hospital Human Subjects Review Board, Syracuse, NY

CONFERENCE ORGANIZATION

Data Diplomacy Symposium, Organized on behalf of the Worldwide Universities Network, New York Academy of Medicine, New York City, October 2015 (<http://www.wun.ac.uk/wun/research/view/data-diplomacy-political-social-dimensions-of-data-collection-sharing>)

Annual Rochester Global Health Symposium. Organized on behalf of the CDC Global and Territorial Health Research Network, June 2015/ April 2016, Rochester, NY. (<http://globalresearchnetwork.net/symposia.html>)

Challenges and Opportunities in Writing Internationally about Women's and Children's Health: Lessons Learned from Global Health Authors (Session). Session organized for the American Public Health Association's Annual Meeting 2015, Chicago, Illinois. (<https://apha.confex.com/apha/143am/webprogram/Session45775.html>)

Biospecimen Repositories in Health Disparities Research: A Technical Assistance Summit (Co-organized with Zoe Hammatt JD; Sponsored by Supported by The National Institutes of Health, National Institute for Minority Health and Health Disparities, NIMHHD #U54MD007584/#U54RR026136 (RMATRIX) and #U54RR0022762 (RTRN)), May 2012, Honolulu, Hawaii, http://rtrn.net/education/biospecimen_repository_sumit.html.

Food, Health, and Agriculture in South Asia: Contemporary Issues and Future Directions (Co-organized with Sudha Raj PhD and Saurabh Mehta PhD; Co-sponsored by the South Asia Center of Syracuse University and the South Asia Program of Cornell University), March 2012, <http://maxwell.syr.edu/southasiafoodconference/>.

Challenges and Strategies for Writing and Publishing in Maternal and Child Health (Session 3051.0). Session organized for the American Public Health Association's Annual Meeting 2013, Boston, Massachusetts. <https://apha.confex.com/apha/141am/webprogram/Session39279.html>

The Story Behind the Story: Successful Authors Share Lessons from Highly-Cited Maternal and Child Health Journal Articles (3052.0). Session organized for the American Public Health Association's Annual Meeting 2014, New Orleans, Louisiana <https://apha.confex.com/apha/142am/webprogram/Session41799.html>

Kyrgyzstan Maternal and Child Health Conference, Albert Schweitzer Institute for Humanities, November 1998, Bishkek, Kyrgyzstan

FIELDWORK EXPERIENCE

Professor Dye has conducted fieldwork and lead field teams in: Haiti, Micronesia (Pohnpei), Marshall Islands (Majuro), Tibetan Refugee Settlements (India), Greenland (Kangerlussuaq), Lebanon (Beirut), the Republic of Turkey, Republic of South Africa, Ethiopia, Burkina Faso (Bobo-Dioulasso), Tanzania, Nigeria, Tibet (Medrogongkar), China (Qinghai, Beijing, Shanghai), India (Mumbai, Gujarat, Haryana), Kashmir (Warwan Valley), Ladakh (Zanskar), Indonesia, Malaysia, Thailand, Costa Rica, Dominican Republic, Grenada, Petite Martinique, Kenya, Antarctica (McMurdo Station), Kyrgyzstan, France, Northern Ireland (Belfast), and the United Kingdom (London and Cambridge). Further, Professor Dye has conducted fieldwork and lead field teams in New York State (rural and urban), West Virginia, Oklahoma, Hawaii, California, Puerto Rico, North Carolina, Wisconsin, and Massachusetts.

FUNDING

Agency: **NIH Fogarty International Center** (R21TW010602; submitted)
Title: mZap! A mobile, community-based GPS mapping surveillance tool empowering communities to alleviate insect-borne disease and ecological risk in Costa Rica
PI: TD Dye (PI) (\$376,054) Dates: 09/01/2016 – 08/31/2017
Goal: To develop a hybrid HIV/AIDS high impact research ICT training program in Romania
Role: Dye serves as PI for this award.

Agency: **Centers for Disease Control and Prevention** (3U48DP005026-01S1)
Title: Prevention Research Center: Global and Territorial Health Research Network Coordinating Center
PI: Dr TD Dye (PI) (\$1,000,000 total costs) Dates: 09/01/2014 - 08/31/2019
Goals: The Coordinating Center provides leadership for a network of institutions focusing on technology and global chronic disease.
Role: Dye serves as PI for this award.

Agency: **NIH Fogarty International Center** (1R25TW009697-01A1)
Title: MundoComm: ICT for Maternal Health in Costa Rica and Latin America
PI: Dr TD Dye and Dr D Ossip (MPIs) (\$326,000 total costs) Dates: 02/01/2015-01/31/2018
Goals: This project will expand experiential training in using ICT for maternal health research in community settings.
Role: Dye serves as a Co-PI for this award.

Agency: **National Institutes of Health, Fogarty International Center** (3R25TW009697-01A1S1)
Title: Multilevel Social Ecological Mechanisms Facilitating Maternal Health Improvement in Central and Latin America
PI: Dr TD Dye and Dr D Ossip (MPIs) (\$59,839) Dates: 09/16/2015 - 04/30/2016
Goals: Mixed method analysis of maternal behavior and technology in Latin America
Role: Dye serves as Co-PI for this award

Agency: **NIH Fogarty International Center** (R25TW009697-01A1S1)
Title: Multilevel Social Ecological Mechanisms Facilitating Maternal Health Improvement in Central and Latin America
PI: TD Dye and D Ossip (MPIs) (\$59,839) Dates: 09/16/2015-04/30/2016
Goal: Mixed method analysis of maternal behavior and technology in Latin America
Role: Dye serves as MPI for this award.

Agency: **World University Network (WUN)**
Title: Data Diplomacy: Political & Social Dimensions of Data Collection & Sharing
PI: Dr TD Dye (PI) (£15,000) Dates: 01/01/2015 - 12/31/2015
Goals: Host a global symposium with multidisciplinary scientific leaders to examine “data diplomacy” in a global context
Role: Dye serves as PI for this award

Agency: **New York State Department of Health, AIDS Institute**
Title: HIV, HCV & STD Clinical Education Initiative Resource Center
PI: Dr TD Dye (PI) (\$3,081,368) Dates: 07/01/2014 - 06/30/2019
Goals: This project creates an online portal that support HIV/AIDS, Hepatitis C, and STD clinical training
Role: Dr Dye serves as PI

Agency: **New York State Department of Health, AIDS Institute**
Title: Web Resources for Expanded HIV Testing in New York State (EHT)
PI: Dr TD Dye (PI) (\$62,500) Dates: 01/01/2016 - 12/31/2016
Goals: Build an online community of EDs working toward making HIV testing part of routine ED care. Develop a procedure to complete a monthly electronic report of laboratory tests conducted by U of R lab with negative test results.
Role: Dr Dye serves as PI

Agency: **National Institutes of Health, National Center for Advancing Translational Sciences**
Title: The University of Rochester's Clinical and Translational Science Institute: NRSA Training Core
PI: Dr TD Dye (PI) (\$2,524,660 NRSA core) Dates: 07/01/2016 - 06/30/2021
Goals: Direct the pre-and post-doctoral training program in clinical and translational research targeting precision medicine, data science, and population health
Role: Dye serves as Project Director for this award

Timothy De Ver Dye, PhD

Agency: **National Institutes of Health, National Center for Advancing Translational Sciences**
Title: The University of Rochester's Clinical and Translational Science Institute: Informatics Core
PI: Drs K. Kiebertz, M. Zand, N. Bennett (MPIs) (\$3,496,812 informatics core only) Dates: 07/01/2016 - 06/30/2021
Goals: Enhance research infrastructure and stimulate clinical and translational research
Role: Dye serves Director of the CTSI's Informatics Core

Agency: **Hershey Family Foundation**
Title: Public health in the Tibetan Settlements of Ladakh: Deliberative Engagement and Assessment
PI: Dr TD Dye (PI) (\$30,000) Dates 08/01/2013-07/31/2014
Goals: This project focuses upon public health assessment, Hepatitis B in pregnancy, and reproductive health in Tibetan settlements of remote Ladakh in Kashmir.
Role: Dye serves as PI for this award.

Agency: **Mae Stone Goode Foundation**
Title: Enhancing clinical/translational research in maternal-fetal health through development of a birth-related tissue repository
PI: Dr TD Dye and Dr RK Miller (Co-PIs) (\$76,628) Dates: 01/01/2015 – 12/31/2015
Role: Dye serves as Co-PI for this award.

Agency: **Pfizer Independent Grants for Learning & Change (15915645)**
Title: Electronic Health Record (EHR)-enhanced clinical communication and quality-of-life improvement in managing menopausal vasomotor symptoms (MVS)
PI: Dr TD Dye (\$500,000 total costs) Dates: 11/1/2014 – 10/31/2016
Role: Dye serves as PI for this award

Agency: **NIH National Center for Advancing Translational Sciences (5UL1TR000042-08)**
Title: The University of Rochester's Clinical And Translational Science Institute
PI: Dr Karl Kiebertz (PI)
Goals: The CTSI organizes clinical and translational research at the University of Rochester within an academic home.
Role: Dye serves as Director of Biomedical Informatics for the CTSI.

Agency: **NIH National Center for Minority Health and Health Disparities**
Title: Bioscience Research Infrastructure Development for Grant Enhancement and Success (BRIDGES) (2G12RR003061-26)
PI: Dr Marla Berry(PI)
Goals: The overall objectives are to create and strengthen expertise, education, training and infrastructure for biomedical and behavioral research in Hawaii.
Role: Dye serves as the Director for the Bioinformatics Core

Agency: **NIH National Institute for General Medical Sciences (P20RR016467)**
Title: INBRE III: Hawaii Statewide Research & Education Partnership (HSREP)
PI: Dr Eric Holmes (PI) Dates 05/01/13 – 04/30/18
Goals: To create a coordinated program of mentored career development and research opportunities for promising faculty investigators at the partner institutions, as well as to strengthen the pipeline for engaging undergraduate and graduate students with training and education opportunities to increase the likelihood of their pursuing careers in biomedical research.
Role: Dye serves as Co-Director of the Bioinformatics Core

Agency: **NIH National Center for Minority Health and Health Disparities**
Title: Hawaii Biospecimen Repository: Expansion in Access and Use for Disparities Research (unobligated funds 1U54RR026136-01A1)
PI: Dr J. Hedges (PI; Dye, Core Director) (\$575,174 total costs) Dates 10/11– 06/12
Goals: Expand the technical capacity and use of a large statewide biorepository for clinical research that contributes to disparities reduction
Role: Dye serves as Co-Director for the initiative (with Dr Lynnae Sauvage)

Agency: **NIH National Center for Minority Health and Health Disparities**
Title: RCMI Multidisciplinary and translational research infrastructure expansion (RMATRIX) (5U54RR026136-02)
PI: Dr Jerris Hedges (PI) Dates 09/10 – 06/13
Goals: Provides the clinical and translational research infrastructure to expand health disparities research capacity throughout the state
Role: Director for the Biomedical Informatics core and also directs the Hawaii Biospecimen Repository.

Timothy De Ver Dye, PhD

- Agency:** OneHEART Worldwide/ Direct Relief International (funded)
Title: Qinghai – US Maternal Child Health Partnership
PI: Dr TD Dye (PI) (\$53,510 total costs) **Dates** 05/01/2010
Goals: To direct a partnership with the Affiliated Hospital of Qinghai University and a global NGO to develop a maternal and child health system in Yushu County, Tibet Autonomous Prefecture, in Qinghai Province, China
- Agency:** Subcontract with MACRO International/ The Global Fund for AIDS, Tuberculosis, and Malaria
Title: Five-Year Evaluation of the Global Fund
PI: Dr Leo Ryan (MACRO)/ Dr TD Dye (Axios Subcontract PI) **Dates** 02/01/07 – 08/31/08
(\$855,000 total subcontract costs)
Goals: Dr Dye leads the Axios partnership of the Five Year Evaluation Consortium of the Global Fund, with direct responsibility in design and implementation of Country Partnership Assessments in six African countries
- Agency:** Global Alliance for Vaccines and Immunizations (GAVI)
Title: Evaluability assessment of GAVI health systems strengthening
PI: Dr TD Dye (PI) (\$149,340 total costs) **Dates** 03/01/08 – 07/31/08
Goals: Create an evaluability plan for the GAVI health systems strengthening investment in developing countries
- Agency:** AstraZeneca International
Title: Ethiopia Breast Cancer Pilot Project
PI: Dr Anne Reeler (PI)/ Dr TD Dye (Project Director) **Dates** 01/01/09 – 12/31/08
(\$263,110 total costs)
Goals: Strengthening of tertiary health system for breast cancer control and development of national policies on cancer control with the Ethiopia Ministry of Health
- Agency:** Constella Futures/ MEASURE Evaluation
Title: Evaluation of Orphans and Vulnerable Children Program in Tanzania
PI: Dr Minki Chatterji (Constella)/ Dr TD Dye (Axios Subcontract PI) **Dates** 01/01/07 – 09/30/08
(\$460,000 total subcontract costs)
Goals: To implement a series of evaluation tools with orphans and vulnerable children program participants and communities impacted by orphans in Tanzania
- Agency:** Centers for Disease Control and Prevention/ Association for Teachers of Preventive Medicine
Title: Community-based micronutrient consumption in Tibet
PI: Timothy D. Dye, PhD (PI; 20%) **Dates** 09/30/04 – 08/31/07
(\$398,452 total costs)
Goals: Applied research on vitamin supplementation and dietary diversity in an isolated mountainous region of Tibet
- Agency:** National Science Foundation
Title: International supplemental award
PI: Timothy D. Dye, PhD (PI) **Dates** 11/01/03 – 08/31/05
(\$18,720 total costs)
Goals: To conduct archival research at the Scott Polar Research Institute on health and injury in Scott's Terra Nova expedition
- Agency:** National Science Foundation
Title: Cultural emergence and health in Antarctica
PI: Timothy D. Dye, PhD (PI) **Dates** 02/01/02 – 08/31/05
(\$618,116 total costs)
Goals: To study the effect of social group development and sub-culture emergence on the health of personnel stationed in Antarctica
- Agency:** Association for Maternal and Child Health Programs/CDC
Title: Development and Implementation of the Maternal and Child Health Initiative for Data to Action (MATRICHS subcontract)
PI: Timothy D. Dye, PhD (PI) **Dates** 02/01/02 – 11/30/05
(\$240,000 total costs)
Goals: Develop and implement a mixed method (on-line and in-person) MCH epidemiological training program for state workers
- Agency:** Media Lab Asia/ MIT

Timothy De Ver Dye, PhD

- Title:** Media Lab Asia Social Science and Technology Program
PI: Timothy D. Dye, PhD (PI) **Dates:** 10/31/01 – 10/30/02
(\$100,000 total costs)
Goals: To conduct social science fieldwork around technology issues in rural India
- Agency:** **National Institutes of Health, Fogarty Center (D43 TW01282-02)**
Title: Costa Rica – US Community Health Informatics Program (Info-Comm)
PI: Timothy D. Dye, PhD (PI) **Dates:** 9/30/99 – 05/31/05
(\$691,392 total costs)
Goals: To establish a community health informatics training and research program in Costa Rica
- Agency:** **National Institutes of Health, Fogarty Center (D43 TW01282-02)**
Title: Supplemental Award Costa Rica (X2) – US Community Health Informatics Program (Info-Comm)
PI: Timothy D. Dye, PhD (PI) **Dates:** 9/30/99 – 05/31/05
(\$29,160 (2000) \$62,668 (2003))
Goals: To facilitate integration of fellows into public health research infrastructure in Costa Rica and to provide ongoing mentoring
- Agency:** **World Heart Federation**
Title: Longitudinal study of determinants of heart disease in Grenada
PI: Thomas Pearson PhD (PI) **Dates:** 03/01/05 – 2007
TD Dye (20% FTE; Faculty)
Goals: To implement a Framingham-type prospective study of heart disease in an African-Caribbean population on Grenada
- Agency:** **National Institutes of Health**
Title: Rochester Clinical Research Center Career Development Program
PI: Thomas Pearson PhD (PI) **Dates:** 09/30/04 – 2007
TD Dye (20% FTE; Faculty)
Goals: To plan, development, and implement enhancements to the clinical research training program.
- Agency:** **Centers for Disease Control and Prevention (ATPM award TS 317-15/15)**
Title: Maternal and Child Health Analytic Training for the Year 2010 (MACH 2010)
PI: Timothy D. Dye, PhD (PI) **Dates:** 9/30/99 – 9/29/02
(\$455,144 total costs)
Goals: To establish a distance learning and graduate training program in MCH epidemiology for health agency workers and graduate students
- Agency:** **US Maternal and Child Health Bureau (subcontract with PNMC, Inc)**
Title: Evaluation of the Rochester Healthy Start Project
PI: Timothy D. Dye, PhD (PI) **Dates:** 9/1/97 – 6/30/01
(\$290,160 total subcontract)
Goals: To design, implement, and report the evaluation of a federally-funded infant mortality reduction program
- Agency:** **US Maternal and Child Health Bureau (subcontract with Onondaga County Health Department)**
Title: Evaluation of the Syracuse Healthy Start Project
PI: Timothy D. Dye, PhD (PI) **Dates:** 9/1/97 – 6/30/01
(\$310,000)
Goals: Evaluation of a federally-funded infant mortality reduction program in Syracuse, New York
- Agency:** **Monroe County Department of Social Services/ Monroe County Department of Health**
Title: Application of Rapid Assessment Procedures (RAP) to the formative development of a Child Abuse/Child Neglect Media Campaign in Monroe County
PI: Timothy D. Dye, PhD (PI) **Dates:** 7/1/99 – 6/30/00
(\$50,000 total costs)
Goals: Rapid Assessment Process of community attitudes toward child abuse, reporting, and intervention in Monroe County, New York
- Agency:** **Northern Ireland Confidential Enquiry into Stillbirths and Infant Deaths (CESDI)**
Title: Development of a maternal and child health reporting system
PI: Timothy D. Dye, PhD (PI) **Dates:** 6/1/98 – 8/31/98
(\$3,000 total costs)
Goals: To provide consultation to the Northern Ireland Department of Health in establishing a perinatal information system

Other Career Grants and Contracts

- Vestergaard-Frandsen, September 2009, for qualitative analysis of global health programs, **\$30,000** (Dye, PI)
- Mancini Family Foundation, July 2005, for student support to Tibet, **\$5,000** (Dye, PI)
- Mancini Family Foundation Grant, June 2001, for travel to Ladakh, **\$2,000** (with N. Chin)
- Haggerty-Freidman Psychosocial Fund, May 2000, for travel to Ladakh, **\$2,500** (co-recipient with Chin)
- Mancini Family Foundation Grant, May 2000, for travel to Ladakh, **\$4,000** (co-recipient with Chin)
- Burroughs Wellcome Fund March 2000. Travel grant to Belfast, **\$3,000** (co-recipient with Morrissey)
- Burroughs Wellcome Fund, June – Aug 1998. Travel Grant to Belfast **\$4,550** (Dye, recipient)
- Monroe County Health Department (1997-98). Evaluation of maternal and child health programs. Principal Investigator for University of Rochester component, **\$99,000**. (Dye, PI)
- Onondaga County Department of Health, 1996-97. Central New York Regional Immunization Registry. Principal investigator for SUNY OB/GYN component, **\$424,853**.
- Queen's University of Belfast, Health and Health Care Research Unit. Senior Research Fellow support, **\$21,000**.
- American College of Obstetricians and Gynecologists, 1996-97. Evidence-based practice guidelines. Principal investigator for Syracuse component, **\$90,611**.
- Monroe County Department of Health, 1996-97. Evaluation of MCH programs. Principal investigator, **\$100,000**.
- New York State Department of Health, 1996. Regional Perinatal Data System in Central New York. Co-investigator, with RH Aubry MD, **\$800,000**.
- New York State Department of Health, 1996. Regional Perinatal Data System in Central New York. Co-investigator, with RH Aubry MD, **\$1.1 million**.
- Monroe County Department of Health, 1995-96. Evaluation of maternal and child health programs. Principal investigator, **\$72,800**.
- American College of Obstetricians Gynecologists, New York State Chapter, 1995-96. Evidence-based practice guidelines. PI Syracuse component, **\$19,725**.
- Onondaga County Department of Health, 1995-96. Central New York Regional Immunization Registry. Principal investigator for SUNY OB/GYN component, **\$367,120**.
- New York State Department of Health, 1994-95. Central New York Regional Perinatal Data System. Co-investigator with RH Aubry MD, **\$700,000**.
- Public Health Foundation/US Maternal and Child Health Bureau, 1994-97. Cost effectiveness analyses in maternal and child health. Principal investigator, **\$45,000**.
- Smithsonian Institution. Office of International Relations. Special Foreign Currency Fund, 1994. Cultural variation in childhood diarrhea in Kashmir and Ladakh. Principal investigator, **\$5,000**.
- West Virginia University. Faculty Development Grant/International Projects Grant/Departmental Research Funds. Pediatric practices among nomadic pastoralists of Northern Kenya. Principal investigator, **\$3,000**.

Departmental Seminars

1. Outcomes of live births that resulted from unwanted conception, Department of Obstetrics and Gynecology Grand Rounds, State University of New York, Syracuse, 2015.
2. Outcomes of live births that resulted from unwanted conception, Department of Obstetrics, Gynecology, and Women's Health Grand Rounds, University of Hawaii, 2015.
3. Should Unwanted Pregnancy be Considered a High-Risk Perinatal Condition? Clinical and Translational Research Institute Seminar Series, University of Rochester, 2014.
4. What the Numbers Tell Us (or Not): State of Maternal and Child Health in Hawaii. Department of Obstetrics, Gynecology, and Women's Health Grand Rounds, University of Hawaii John A. Burns School of Medicine, 2013.
5. Practical Research Ethics: 10 Lessons for Conducting Research Ethically, RMATRIX Hawaii Ethics and Regulatory Core, University of Hawaii, 2012.
6. Maternal and Child Health NUMB3RS in Hawaii, Department of Obstetrics, Gynecology, and Women's Health Grand Rounds, University of Hawaii John A. Burns School of Medicine, 2011.
7. The Coming Epidemic of Cancer in Developing Countries: Breast Cancer Beliefs and Practice in Ethiopia. Center for Health and Behavior Seminar Series, December 2009.
8. The Outside Insider: Life as an Itinerant Anthropologist presented at the Pfaudler Lecture Series, Osher Institute, Rochester Institute of Technology, Rochester, New York , Sept 24 2009.
9. Global Progress Toward the Millennium Development Goals (MDGs) for Children, to the Center for Children's Health Policy Seminar Series, March 2009.
10. African Child Death in Global Context: The Challenge of MDG-4, Maxwell Africa Caucus Annual Africa Symposium, Maxwell School of Syracuse University, March 2009.
11. Beer, bartering, and babies: Food systems, community, and pregnancy in rural Tibet, Maxwell South Asia Center Speaker Series, April 2009.
12. The 2009 H1N1 Flu Epidemic, (with T. Endy), SUNY Upstate Special Dean's Grand Rounds, May 2009.
13. Integrating Anthropology and Epidemiology on the Roof of the World, at the Bottom of the World, and around the World: Applied Medical Anthropology in Practice, Experiences from Antarctica, Tibet, Africa, and Latin America. Invited Public Lecture, LeMoyne College, Syracuse, October 2007.
14. Social and Medical Considerations on Injury in Antarctica. Pushing the Envelope: Medicine in Challenging Environments Conference (Invited Plenary Session), University of Texas, February 2005.
15. Maternal and Child Health Analytic Methods. Tibet Health Department, One HEART (Health Education and Research in Tibet), March 2004.

Timothy De Ver Dye, PhD

16. Integrating Anthropology and Epidemiology on the Roof of the World, at the Bottom of the World, and around the World: Applied Medical Anthropology in Practice, Experiences from Antarctica, Tibet, Africa, and Latin America. Invited Public Lecture, LeMoyne College, Syracuse, October 2007.
17. Cornell University, Division of Nutrition Sciences. Some anthropological observations from the LINCOS project. April 2001.
18. University of Rochester Department of Community and Preventive Medicine Seminar Series. Across the Digital Divide: People, Power, and PCs. February 2001.
19. Center for Future Health Lunchtime Lecture Series. Bringing the Internet to the developing world," March 2000.
20. Health and Social Care Research Unit Research Seminar, Queen's University of Belfast. Integrating qualitative methods with quantitative approaches: Results of the Rochester Child Abuse Study. March 2000, Belfast, Northern Ireland.
21. University of Rochester Department of Community and Preventive Medicine Seminar Series. The Influence of Social Context on Perceptions of Child Abuse and Neglect. February 2000.
22. University of Rochester Science and Technology Lecture Series. Improving Health in the Third World: Delivery Low-tech Medicine with High-tech Tools, January 2000.
23. The Center for the Study of Rochester's Health, Medicine and Public Health Monthly Seminar Series, Community-based prevention of infant mortality, April 1999.
24. Healthy Start Rochester Community Unity Board. Community awareness of infant mortality. April 1999.
25. Saint Louis University, Department of Obstetrics and Gynecology Grand Rounds. Unintended pregnancy in the United States. December 1998.
26. Maxwell School of Syracuse University. Department of Anthropology. Breastfeeding in Northern Ireland and the U.S., invited presentation to Comparative Approaches to Breastfeeding: Barriers and Health Implications. September 1998.
27. Royal Maternity Hospital Midwifery Group. Unintended pregnancy and the health of women and infants. Belfast, Northern Ireland, July 1998.
28. SUNY Upstate Medical University, Department of Pediatrics Grand Rounds. Teen Pregnancy: Myths and Realities. Syracuse, January 1998.
29. American College of Obstetricians and Gynecologists, District II, Annual Women's Wellness Conference. Unintended pregnancy and the health of women and children. Albany NY, March 1998.
30. SUNY Buffalo School of Medicine. Department of Obstetrics and Gynecology Grand Rounds. Unintended pregnancy and the health of women and children. Buffalo, December 1997.
31. SUNY Upstate Medical University, Department of Obstetrics and Gynecology Grand Rounds. Future of medicine or cookbook medicine: Evidence-based practice in OB/GYN. Syracuse, January 1997.
32. University of California San Francisco. Family Health Outcomes Program. Dye TD, Wojtowycz MA. Economic evaluation of maternal and child health programs. September 1997.

Timothy De Ver Dye, PhD

33. CityMatch 1997 MCH Leadership Conference. Dye TD, Wojtowycz MA. Economic evaluation of maternal and child health programs. Atlanta, September 1997.
34. University of North Carolina at Chapel Hill. Data Utilization and Skills Development Initiative. Dye TD, Wojtowycz MA. Economic evaluation of maternal and child health programs. September 1997.
35. 12th Annual Conference of the New York State Perinatal Association. Unintended pregnancy and the health of women and infants (invited plenary). Healthy People 2000: The Race for Healthier Families in New York State, Albany, New York, June 1997.
36. SUNY Upstate Medical University, Department of Pediatrics Grand Rounds. Of militants and mountains: childhood diarrhea in the Kashmiri Himalayas. Syracuse, 1996.
37. University of North Carolina at Chapel Hill, Maternal and Child Health Data Utilization and Skills Development Initiative Conference. Dye TD, Wojtowycz MA. Economic evaluation of maternal and child health services. Chapel Hill, North Carolina, June 1996.
38. 23rd Annual Regional Conference on Maternal and Child Health, Family Planning, and Services for Children with Special Needs. Dye TD, Wojtowycz MA. Economic evaluation of maternal and child health services. Asheville, North Carolina, May 1996
39. Oklahoma Conference on Fetal and Infant Mortality: A Community Approach to Mortality Prevention. Dye TD. Components of Fetal and Infant Mortality Review. Plenary Speaker. Oklahoma City, Oklahoma, November 1994.
40. West Virginia Public Health Nurses Training Conference. Epidemiology of Breast and Cervical Cancer, Charleston, West Virginia, Fall 1991.
41. West Virginia University, Department of Pediatric Grand Rounds. Applying Epidemiology in Pediatric Research: An International Perspective, Morgantown, September 1991.
42. SUNY Buffalo Department of Social and Preventive Medicine. Maternal Mortality in West Virginia, February 1991.
43. West Virginia University Department of Obstetrics and Gynecology's Grand Rounds. Medicaid-funded Pregnancy and Birth in West Virginia, November 1990.

Editorial Assignments in Professional Journals

Maternal and Child Health Journal (Editor-in-Chief)

Cancer (reviewer)

American Journal of Public Health (reviewer)

Pediatric and Perinatal Epidemiology (reviewer)

Social Science and Medicine (Reviewer)

Journal of Public Health Management and Practice (Reviewer)

American Journal of Obstetrics and Gynecology (Reviewer)

Journal of Community Health and Epidemiology (Reviewer)

Experimental Biology and Medicine (Reviewer)

EDUCATIONAL CONTRIBUTIONS

Departmental

- Co-Direct Doctoral Program (PhD) in Translational Biomedical Science, University of Rochester, 2016
- Developed Graduate Certificate of Advanced Study in Biomedical Data Science, University of Rochester, 2015
- Developed PM 402 (Biology and Health Research) and PM 403 (Team Science) at University of Rochester (2015)

Timothy De Ver Dye, PhD

- PH 623 Social Science and Public Health, in the Public Health Program (MPH/ DrPH/ PhD) at the University of Hawaii at Manoa, Fall 2012/2013
- BIOM 648 Foundations of Ethics in Biomedical Research, Doctorate in Clinical Research Program, University of Hawaii John A. Burns School of Medicine, Fall 2012/2013
- Developed Graduate Certificate of Advanced Study in Global Health, Syracuse University, 2015
- Developed and taught HTW 779 (Syracuse University) Implementation and Evaluation of Child and Family Health Programs in the Global Community
- Developed MPHP 604 (Upstate Medical University) Social and Behavioral Dimensions of Public Health
- Developed MPHP 659 (Upstate Medical University) Maternal and Child Health Epidemiology
- Developed MPH 651 (Upstate Medical University) / MPHP 700 (Syracuse University), Population Health Across the Life Span in Developing Countries (2009)
- Developed PPA 730-10 (Applied Global Health Policy and Practice) for graduate public administration students (Maxwell School, Syracuse University)
- Developed PM 486 Medical Ecology, University of Rochester
- Developed PM412 Survey Research, University of Rochester
- Developed PM443 Analytic Methods in Maternal and Child Health/ Maternal and Child Health Epidemiology, University of Rochester
- Developed PM454 Global Health Informatics, University of Rochester
- Developed the Maternal and Child Health Analytic Methods/ MCH Epidemiology for the Year 2010 Distance Learning Training program (MACH 2010) and its successor Matrixed Analytic Training in Reproductive, Infant, and Child Health Services (MATRICHS) on-line (www.urmc.rochester.edu/smd/cpm/mach2010 and www.matrichs.org) and directed the MACH 2010 program since 1999 (60+ students to date)
- Developed the Costa Rica-US Community Health Informatics Training Program (NIH) (www.infocomm.net)
- Project Director, Matrixed Analytic Training in Reproductive, Infant, and Child Health Services (MATRICHS; www.matrichs.org), for CDC and the Association for Maternal and Child Health Programs (AMCHP)

Student Supervision

Medical Student/ Resident Mentor/Elective Supervisor to:

- Chirag Shah MS I (1999): The determinants of adverse maternal health and perinatal mortality in Gujarat, India (Saxe Memorial Prize winner)
- Kelly Brown MSII (1999): An ecological model of the pathways between low socioeconomic status and poor health outcomes
- Evelyn Reynolds MSII (1999): Improving maternal and child health in Monroe County
- Thalia Mayes MSI (1999): San Marcos, Costa Rica Rapid Assessment Project
- Ricardo Roda MSIII (1999): Rapid Assessment Training in the Dominican Republic
- Nicolas Orekovic MSII (1999): Rapid Assessment Training in the Dominican Republic
- Kelly Brown MSIII (2000): Developing a culturally relevant model of the pathways among low socioeconomic status, religious division, and poor health outcomes of children and adolescents in West Belfast, Northern Ireland
- Matthew Doane MS III (2001): Community health project in Costa Rica
- Chirag Shah MS III (2001): Water and disease in Ladakh and Costa Rica
- Jimena Cubillos MS II (2001): Rapid assessment procedure in the Dominican Republic
- Edward Patriquin MS II (2001): Rapid assessment procedure in the Dominican Republic
- Jonathan Black MS I (2006): Alternative Medicine in India
- Jamie Johnson (2012): Men's Attitudes, Beliefs, Behaviors, and Roles in Pregnancy and Childbirth, an Ethnographic Study in Western Nepal

Graduate Students/ Trainees

DYE TDV Past and Current Trainees	PRE/ POST- DOC	TRAINING PERIOD	PRIOR ACADEMIC DEGREE	RESEARCH PROJECT	STUDENT'S CURRENT POSITION OR SOURCE OF SUPPORT
Veronica Triana	Pre	1997-1999	BA	Data quality in the New York State regional perinatal data system: do data collectors have an effect?	Peace Corps Volunteer, Ethiopia
Christopher Glantz	Post	1998-2000	MD	Medical induction of labor: rate variation and the relation to case mix and outcome.	Professor of Obstetrics and Gynecology, University of Rochester
Vineet Grover	Pre	1998-2000	MBA	Factors associated with customer retention at a local wellness center.	1st Lt. USAF Medical Corps
Roberto Fernandez	Post	2000-2001	MD	Electronic surveillance of individual and community health: A hand-held computerized system to monitor nutritional status and promote health in Costa Rica.	3rd Year Resident, Neurology, University of Rochester
Denia Ramirez	Post	2000-2001	MD	Physicians' perceptions of a store and forward telemedicine system in Costa Rica: acceptance and usefulness	Pediatric Neurology Resident, University of Rochester
Jennifer Carroll	Post	1999-2001	MD	Mental health in refugees from Somalia.	Assistant Professor, Family Medicine, University of Rochester
Esteban Avendano	Post	2001-2002	MD	Developing and testing a tool to improve dermatological disease screening by primary health care providers at the household level in Costa Rica.	Clinician and Professor, San Jose, Costa Rica
Eduardo Rodriguez	Post	2001-2002	MD	Development of an electronic community assessment program (e-CAP).	Clinician, San Jose, Costa Rica
Yen Cheng	Post	2001-2002	MD	PDA application for monitoring and management of acute childhood illness.	Private Practice, Costa Rica
Eric Heilbron-Quirce	Post	2002-2003	MD	Web Page Development and Usability Testing for the water analysis kit in the LINCOS communities.	Merck, Costa Rica
Carlos Icaza-Gurdian	Post	2002-2003	MD	Development and usability testing of a data base and scheduler for the homecare palliative program in Costa Rica.	Seguridad Social, Costa Rica
Carmen Di Mare-Hering	Post	2002-2003	MD	Analysis and usability testing of a community registry of water system vulnerabilities.	Professor, Costa Rica
Robert Sinkin	Post	2002-2003	MD	Effect of Managed Care on Perinatal Transports For the Publicly Funded in Upstate NY	Professor, Neonatology, University of Virginia
Theresa Murray	Post	2002-2004	MD	Qualitative and Quantitative Evaluation of Maternal Assessment of Newborn Prematurity and Size within the Tibetan Population of	Associate Professor, Neonatology, Virginia Commonwealth University

DYE TDV Past and Current Trainees	PRE/ POST-DOC	TRAINING PERIOD	PRIOR ACADEMIC DEGREE	RESEARCH PROJECT	STUDENT'S CURRENT POSITION OR SOURCE OF SUPPORT
				Lhasa Municipality, Tibetan Autonomous Region, People's Republic of China	
Ty Dickerson	Post	2002-2005	MD	Childhood Diarrhea in Jyama, Tibet: Prevalence, Risk Indicators, and Sociocultural Beliefs.	Assistant Professor of Pediatrics, University of Utah
Leslie Fernandez	Post	2002-2005	PhD	Cardiovascular Health Among West Indian Immigrants in New York City.	Assistant Professor, University of Miami
Adolfo Llanos	Post	1999-2000	MD	Epidemiology of neonatal necrotizing enterocolitis in the post-surfactant era: a population-based study	Neonatologist, Elmira, New York
Machaon Bonafide	Pre	2000-2001	BA	Negotiating the alternatives: how and why people use alternative medicine	Assistant Professor, Albany College of Pharmacy
Zarina Fershtyn	Pre	1999-2000	BA	Association between Gestational Weight Gain and Risk of Delivering a LBW Infant in Young Adolescent Women	Analyst, Centers for Disease Control and Prevention
Anthony Gust	Post	2000-2001	MD	Evaluation of an Internet-Based, Interactive Tutorial for Teaching Dermatologic Terminology to Medical Students.	Dermatologist, Allentown, Pennsylvania
Richard Stahlhut	Post	2005-2006	MD	Phthalates and Metabolic Syndrome.	Post-doc Fellow, University of Rochester
Chirag Shah	Pre	1999	BS	The determinants of adverse maternal health and perinatal mortality in Gujarat, India	Fellow, Ophthalmology, University of Pennsylvania
Peter Fleming	Pre	2001	BS	Physicians' and Medical Students' assessment of a store-and-forward telemedicine system: acceptance and efficacy	Founder, Invest in Knowledge Initiative, Malawi
Jacob Adams	Post	2000-2003	MD, MPH	Cardiovascular Risk 50 Years after Thymic Radiation (K-28)	Assistant Professor, Epidemiology, University of Rochester
Diana Fernandez	Post	1999-2001	MD, PhD	Weight retention in pregnancy (K-08)	Associate Professor of Epidemiology, University of Rochester
Dipti Mrinalini Yejerla	Pre	2009	MAIR	Malnutrition in India	
Timothy Edwards	Pre	2011	MAIR	Internship: Malawi Invest in Knowledge	Graduate School
Lisa Kotyk	Pre	2011	MPH	Antenatal Depression; an Assessment of Risk Factors in a Population of Women Residing in Central New York	Scientist URS Federal Services
Shraddha Sawant	Post	2011	MPH	Evaluation of 'Smoke Out' Program: A Mixed Methods Approach	Public Health Researcher (Toronto)
Jessica Myer	Pre	2011	MPH	Dengue symptomatology across age groups: A retrospective study during	Medical School (U Utah)

DYE TDV Past and Current Trainees	PRE/ POST-DOC	TRAINING PERIOD	PRIOR ACADEMIC DEGREE	RESEARCH PROJECT	STUDENT'S CURRENT POSITION OR SOURCE OF SUPPORT
				a large outbreak in Costa Rica	
Brian Buckley	Pre	2012	MPH	Evolving Approaches to Illness of Karen Refugees	Medical School (SUNY)
Jaime Johnson	Post	2012	Resident	Men's Attitudes, Beliefs, and Roles In Pregnancy and Childbirth: An Ethnographic Study in Nepal	OB/GYN Resident (UH)
Pai-Jong Tsai	Post	2013	MS-CR	Ethnic variation in gestational diabetes in Hawaii	Maternal-fetal-medicine fellow (UH)
Reni Soon	Post	2013	MD MPH	Unintended pregnancy and contraceptive decision-making in Native Hawaiians	Family Planning Fellow (UH)
Jennifer Elia	Pre	2013	MPH	Unintended pregnancy among Native Hawaiians	Junior Researcher, UH
Winifrida Kidima	Pre	2013	PhD	Malaria Associated Changes in Fetal Syncytiotrophoblast Function	Tropical Medicine, Medical Microbiology, and Pharmacology
Techur-Pedro, Angela	Pre	2012-present		Race-ethnic differences in maternal prepregnancy body mass index, placental weights and their associations with intrauterine growth retardation babies in a multi-ethnic population in Hawaii	Graduate student
Elizabeth Helm, MD	Post	2014	MPH	Nutritional Knowledge and Dietary Diversity of Pregnant Women in Rural Tibet	Preventive Medicine Resident
Sarah Botelho	Pre	2014	MPH	Identifying Locally Enhanced Dietary Practices and Food Procurement Strategies Among Pregnant Women in Rural Tibet	Research Coordinator, Emergency Medicine
Jianbo Yuan	Pre	2016	PhD	Improving Healthcare and Well-being Using a Big Data Approach	PhD Computer Science student
Simone Martin	Pre	2016	PhD	An Evaluation of Maternal Health Programs on Child Mortality in the Western Cape, South Africa	PhD Student (Rutgers)
Jose Perez-Ramos	Pre	2015	PhD	Deliberative engagement and mosquito control in Puerto Rico	Sr Project Coordinator, U Rochester
James Thomas	Post	2016	MPH	Health Outcomes of Infants born to Immigrant Mothers living in Upstate New York	Neonatologist, University of Utah

Chair of Master's Thesis Committee (MPH) for:

1. Veronica Triana (1999): Data quality in the New York State regional perinatal data system: do data collectors have an effect?
2. Christopher Glantz MD (2000): Medical induction of labor: rate variation and the relation to case mix and outcome.

Timothy De Ver Dye, PhD

3. Vineet Grover MBA (2000): Factors associated with customer retention at a local wellness center.
4. Roberto Fernandez, MD (2001): Electronic surveillance of individual and community health: A hand-held computerized system to monitor nutritional status and promote health in Costa Rica.
5. Denia Ramirez MD (2001): Physicians' perceptions of a store and forward telemedicine system in Costa Rica: acceptance and usefulness
6. Jennifer Carroll MD (2001): Mental health in refugees from Somalia.
7. Esteban Avendano (2002): Developing and testing a tool to improve dermatological disease screening by primary health care providers at the household level in Costa Rica.
8. Eduardo Rodriguez (2002): Development of an electronic community assessment program (e-CAP).
9. Yen Cheng (2002): PDA application for monitoring and management of acute childhood illness.
10. Eric Heilbron-Quirce MD (2003): Web Page Development and Usability Testing for the water analysis kit in the LINCOS communities.
11. Carlos Icaza-Gurdian MD (2003): Development and usability testing of a data base and scheduler for the homecare palliative program in Costa Rica.
12. Carmen Di Mare-Hering MD (2003): Analysis and usability testing of a community registry of water system vulnerabilities.
13. Robert Sinkin MD (2003): Effect of Managed Care on Perinatal Transports For the Publicly Funded in Upstate NY
14. Theresa Murray MD (2004): Qualitative and Quantitative Evaluation of Maternal Assessment of Newborn Prematurity and Size within the Tibetan Population of Lhasa Municipality, Tibetan Autonomous Region, People's Republic of China
15. Ty Dickerson MD (2005). Childhood Diarrhea in Jyama, Tibet: Prevalence, Risk Indicators, and Sociocultural Beliefs.
16. Leslie Fernandez PhD (2005). Cardiovascular Health Among West Indian Immigrants in New York City.
